Superintendent of Schools, J. Stanley Thompson

J. STANLEY THOMPSON
SUPERINTENDENT

GLoucester PUBLIC SCHOOLS
GLoucester, MASSACHUSETTS

OFFICE OF THE SUPERINTENDENT

To the Members of the Class of 1964

I do appreciate this opportunity to extend to you the greetings of the School Department.

You are completing your four years at Gloucester High School and are about to enter a new phase of your life.

You will live in a highly competitive world. The time spent at Gloucester High School should help you to meet the challenges that lie ahead.

I wish you success in reaching your desired goals.

Sincerely yours,

J. Stanley Thompson
J. STANLEY THOMPSON
Superintendent of Schools

MR. ARTHUR N. SMITH, PRINCIPAL

TO THE CLASS OF 1964

We have enjoyed having you in Gloucester High School for these past four years. We hope that you have acquired the basic preparation necessary for a happy and successful future. May your lives be purposeful and productive, your hopes be fulfilled, and your world be better because you are in it.

Good luck.

Arthur N. Smith, Principal

Miss Hodgkins ably assists Mr. Smith in his many tasks.

MR. ROBERT KARCHER, VICE-PRINCIPAL

Miss Gaye Curcuro is the new secretary in the main office.

Miss Catherine McEachern works hard as Mr. Karcher's secretary.

TO THE CLASS OF 1964

Congratulations for having successfully completed your education in the Gloucester Public Schools.

Since you started in the Gloucester School System, there have been a great many technological and sociological advances made in the United States. These changes demand that you have a greater knowledge of the Sciences and the Humanities. May you all continue to gain further knowledge in these areas after you graduate from Gloucester High School.

I wish each one of you success and happiness in the coming years.

Robert Karcher

Robert Karcher
Vice-Principal

Floor Masters

MR. J. VINCENT ELMER

Mr. J. Vincent Elmer is certain to maintain order on the second floor in his role as floor supervisor. Whether checking tardiness and attendance or issuing discipline, Mr. Elmer, with his perspicuity and outstanding character, gains the confidence of the student body.

In addition to these responsibilities as floor master, Mr. Elmer also instructs Latin courses, ranging from first to fourth year.

J. Vincent Elmer

MR. HOOPER

Every year the task of controlling as many as 600 freshmen is undertaken by Mr. Hooper, the third floor supervisor. The most obvious earmark of his efficiency is the fact that all of the lockers are locked on the third floor. Aside from being floor master, Mr. Hooper also teaches mechanical drawing. His keen interest in education has resulted in his being a long-standing member of the Essex School Committee.

Guidance Department

Miss Mary DeWolfe, capable secretary for the Guidance Department.

GUIDANCE DEPARTMENT

The Guidance Department, composed of Miss Marshall, Mr. Natti, and Mr. Sprague, is a constant source of help to the students of G.H.S. Whether we are changing classes, applying to colleges, or simply discussing the problems of grades; there is always someone eager to assist us in the Guidance Department.

Good luck and continued success to a fellow baronsville Bob Natti

Our guidance counselors: Mr. Leon Sprague, Miss Ruth Marshall and Mr. Robert Natti.

THEY SERVE US

MISS GALE

Miss Marjorie H. Gale, Director of Extra-curricular Activities, supervises clubs, contests, and senior class activities. All these activities promote worthy use of leisure time . . . The student's other valuable time may be spent in the Fellows Library. Magazines, pamphlets, 35,000 volumes, and all other resource materials are made available to the students by Miss Dorothy Londergon, the librarian . . . The ill may be aided by Miss Winifred E. Ross, the school nurse. The health suite is open during the day for use, and Miss Ross is present to assist anyone in need.

MISS ROSS

MISS LONDERGON

Flicker Editor and Advisor

Miss Beebe and Gail work on the *Flicker*.

Louise Scola and Mr. Korobkin handle the business end of the *Flicker*.

Dear Reader:

I should like to thank Miss Beebe for all her help and encouragement;

Mr. Korobkin for managing the business end of the *Flicker*;

Mr. Vail for packing the final shipments;

The *Gloucester Daily Times* for pictures loaned;

My staff for all the help they gave me;

The Business Department for the typists and typewriters;

Mr. Rowan for all his advice;

Loring Studios and Mr. Flora for all their cooperation in the photography department;

All those who helped in any way in the preparation of the 1964 *Flicker*.

Gail A. Gisenault

Editor

Our Cafeteria Helpers —

Miss Morton, director of the G.H.S. cafeteria, also offers practical experience to members of home economics classes. She is a graduate of Framingham Teachers College.

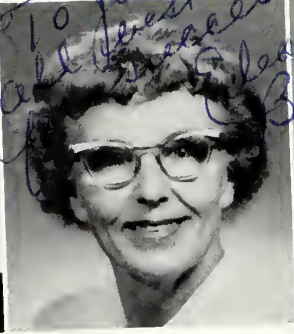

Retiring after many years of service to the high school cafeteria, Mrs. Alice McNair will always be remembered for her wholesome well-cooked meals, friendly face, and congenial character.

THE BUSINESS EDUCATION DEPARTMENT

The Business Education Department is headed by Miss Olga Williams. The excellent training given students by this department enables most students to assume jobs in the business world immediately after graduation. Other students go on to receive further education before going into the business world. Regardless of what vocation the students pursue, the training they receive from this department is invaluable.

future success
M.F. Martins*

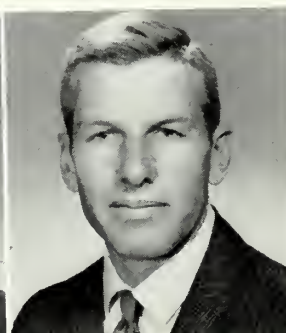

Gloucester High School can boast of a well-organized and dedicated Science Department staffed by capable teachers. Classes are offered in general science, biology, physiology, chemistry, and physics. In addition to the college prep courses, there are special classes in chemistry and physics for those wishing only a practical knowledge of those subjects. The Science Department also offers to seniors who are especially interested in the field of biology an advanced course in that subject. The various courses strive to encourage students to develop their reasoning power, to do more independent investigation on their own, and to become more familiar with the world in which they live. The Science Department helps to prepare the students for our modern age in which a considerable knowledge is vital.

GLOUCESTER VOCATIONAL SCHOOL

Since its founding in 1940, the Gloucester Vocational School has been prepar-
ing boys for employment as printers, carpenters, electricians, machinists, and
automobile mechanics. Under the direction of Mr. Harold B. Geary, the Voca-
tional School fully equips the boys to meet challenges in institutions of higher
learning. In the newest addition to the Vocational curriculum, Mr. Robert
Bruce of Fishing and Vessel Management teaches the fundamentals of sea-
manship and marine electronics.

PHYSICAL EDUCATION

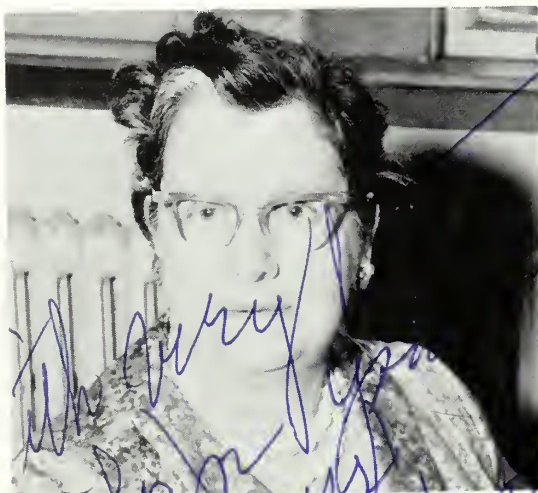

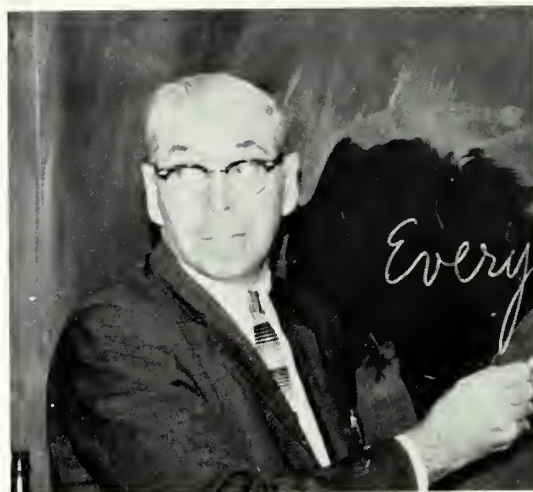

The Physical Education Department, with instructors Miss Maryellen Flanagan and Mr. Donald Snyder, helps bring physical fitness to freshman boys and freshman and sophomore girls. Sports ranging from basketball to field hockey are taught to the students. In addition students are taught the proper use of various types of gymnastic equipment. As a result of their training many students go on to participate in varsity sports. All participants gain valuable training from this program.

ART AND MUSIC DEPARTMENTS

Under the guidance of Mr. Howard Curtis, chairman of the Art Department and Miss Eleanor Moore, Director of the Music Department, students at Gloucester High School are exposed to the finer things of life, learning not only to appreciate masterpieces of art and music, but also to attempt to create some themselves. Instruction in handicrafts and industrial arts is also included in the art program.

CLAIRE M. HOLMES
Framingham State College, B.S.; Home Economics.

PRISCILLA E. NOYES
Nasson College, B.S.; Homemaking, Clothing, Family Living.

HOME ECONOMICS DEPARTMENT

The aim of the Home Economics Department of G.H.S. is to prepare its students to become efficient homemakers. By planning and preparing well-balanced meals, the girls acquire valuable experience, plus poise and charm as hostesses. The girls prepare and serve the refreshments for the National Honor Society teas and other school functions. Besides instruction in the culinary arts, the department offers classes in home management, nutrition and dressmaking.

SOCIAL STUDIES DEPARTMENT

After completing the social studies courses offered at G.H.S., the student is fully aware of the complexities of our civilization. John C. Carter, head of this department, and his fine staff of teachers help to provide the student with a solid foundation in geography and history. In their senior year, students may elect courses in Modern Democracy or International Relations in order to supplement their understanding of our modern world.

MATHEMATICS DEPARTMENT

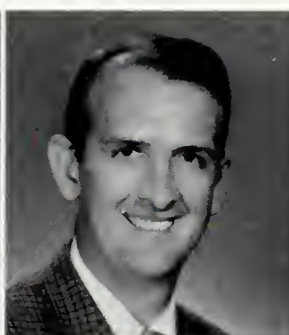

Until this year, general math, algebra, geometry, and trigonometry were the only mathematical subjects which students at Gloucester High School were offered. Beginning this year, however, a new course in modern mathematics has been added to the curriculum. The class, taught by Mr. Mauger, emphasizes the reasons behind the rules rather than memorization of the rules themselves. Mr. Hagstrom, head of the department, has launched this program in order that the student might be exposed to the newer methods in mathematics. Beginning in the freshman year, this course will be worked into the whole math program of some college-bound students. The modern math course exemplifies Gloucester's fine up-to-date mathematics department.

Underclassmen struggle through a hard problem.

Concentrating on 60 words a minute.

Altitudes stimulate the brain.

Aren't you glad trig is only half a year?

What's the smile for, Deb?

Just 40 more, boys!

See something interesting, Mike?

8:15 and all is well?

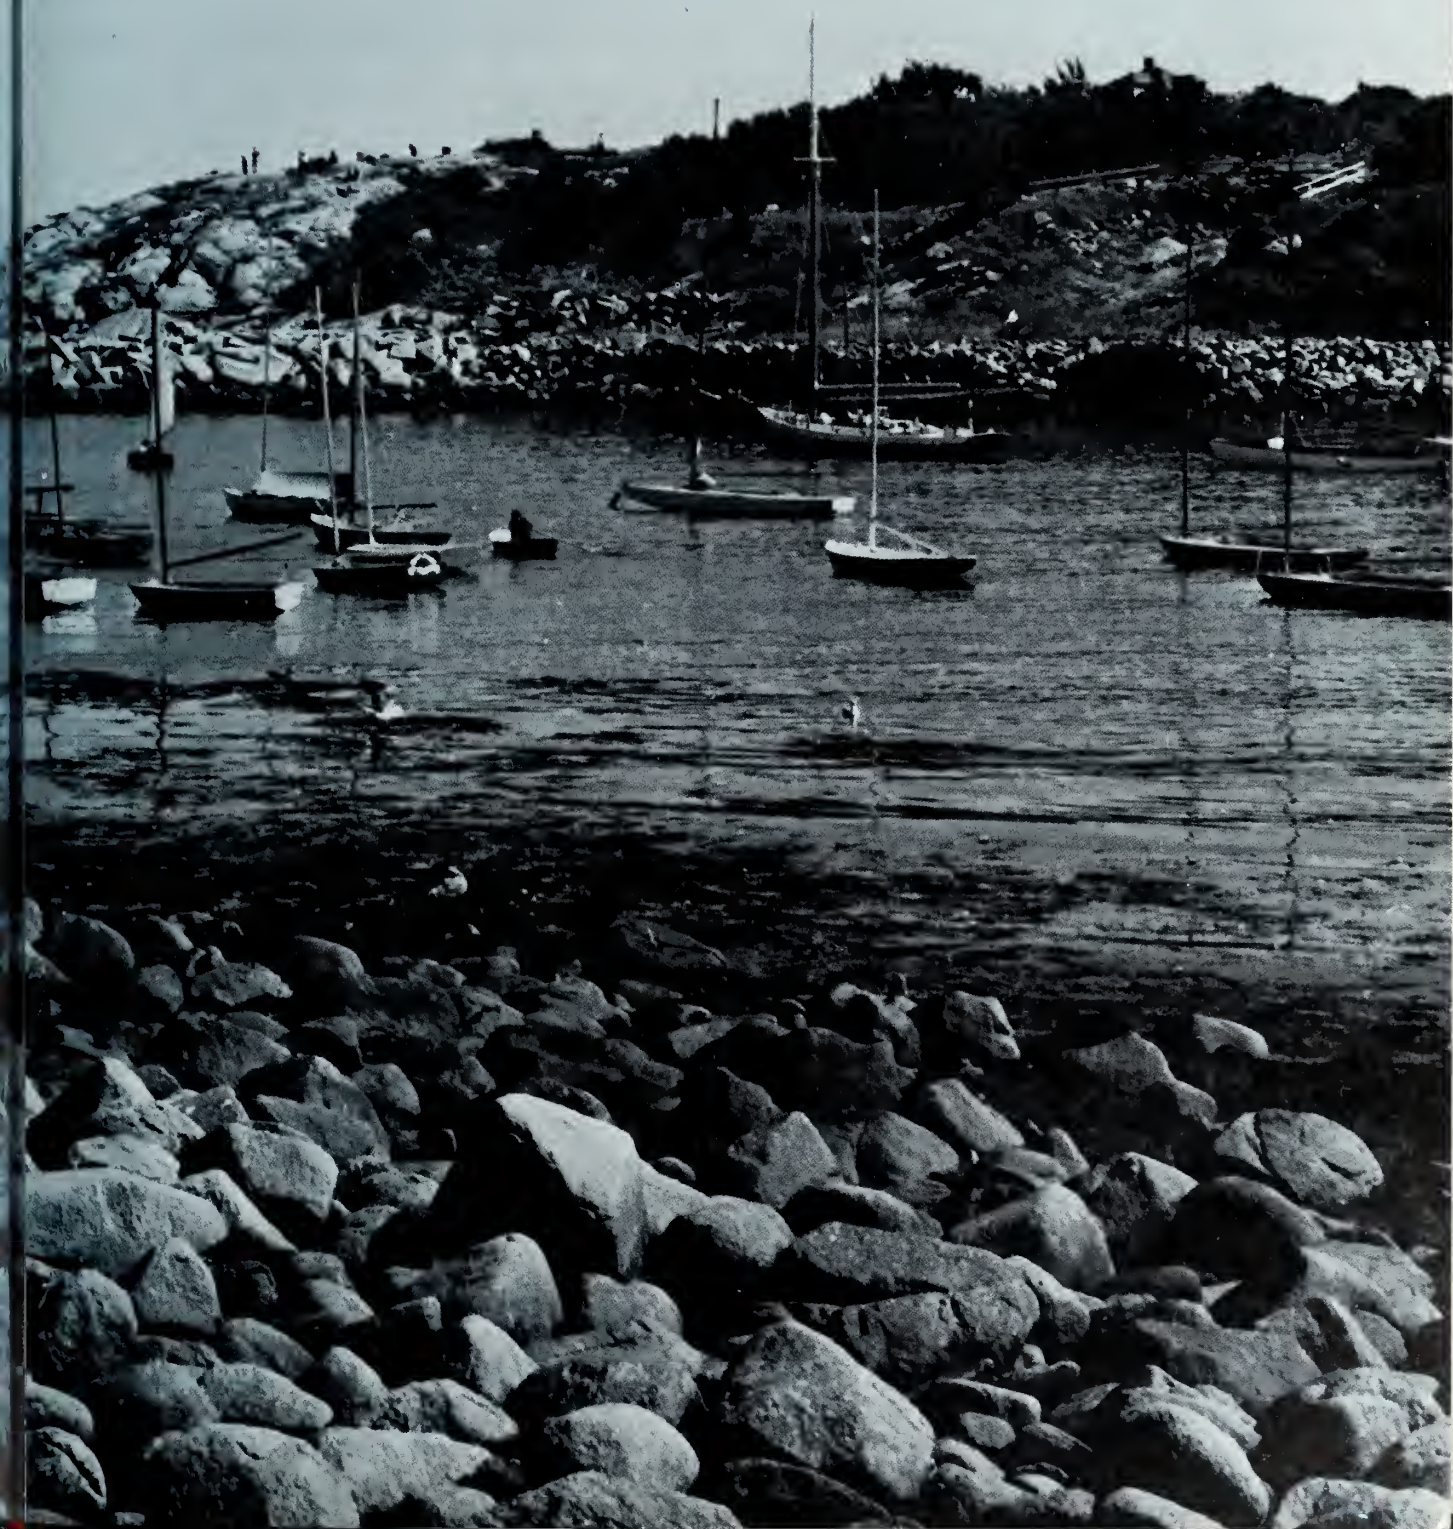

Mr. Karcher always wanted to be a patrol boy.

"That gathering is best which procures the
greatest happiness for the greatest numbers."

Walt Whitman

NATIONAL HONOR SOCIETY

The Sherman B. Ruth Chapter of the National Honor Society aims to stimulate an enthusiasm for scholarship, to create a desire to render service, to promote worthy leadership, to encourage the development of character in pupils of Gloucester High School. Each year the chapter awards a scholarship to a member planning to continue his education beyond high school. In the area of school service, the chapter sponsors the Exhibit of the Week from the Boston Museum of Fine Arts, maintains a stamp machine in the school office, and supplies school guides for special functions. The chapter also engages in fundraising activities. Following the induction ceremony, there is a reception for new members. During the year, outstanding speakers present programs at special chapter meetings.

JUNIOR ROTARIANS

The faculty of G. H. S. has chosen, Ned Ross, Ben Smith, Dennis Cranford, Tom Moses, Gordon Pew, Jimmy Brown, and Fred Johnson as this year's Junior Associates of the Gloucester Rotary Club. These boys are better known as Junior Rotarians. These boys attend the monthly meetings of the Gloucester Rotary Club, which is comprised of businessmen of Gloucester.

HONOR BUSINESS CLUB

The Honor Business Club, under the direction of Mrs. Ethel Mills, is an outstanding organization. The purpose of the club is to recognize honor business students and to develop reliable business leadership. To be admitted, a student must carry at least two business subjects and maintain a minimum average of 82%. Lectures by prominent businessmen are often included in the Honor Business Club's monthly meetings.

STEVENS BOOK REVIEWERS

Under the direction of Mr. McComiskey the Stevens Book Reviewers keep abreast of the current literature. Monthly meetings are held during which the members of the club hold lively discussions on the books under consideration. A public review is given once a year in the Fellows Library in order to raise money for new books.

A CAPPELLA CHOIR

The A Cappella Choir, under the direction of Miss Eleanor Moore, is a supplement to the Girls' Glee Club. Members of this group are selected for their tone quality, ability to harmonize, and ability to sing unaccompanied. Soloists for Glee Club productions are chosen from the A Cappella Choir.

AMERICAN FIELD SERVICE

The Junior Chapter of the American Field Service, advised by Miss Darcy, is devoted to the purpose of encouraging friendship between ourselves and other nations. The members of the club, who are high school students of the junior and senior level hold many fund raising events in order to finance a student exchange program. This year Monique LaCoste, of France, and Vince Berga, of Spain, were members of the senior class under the exchange program.

BEACON STAFF

The *Beacon* Staff under the supervision of Mrs. Wilson and Mr. Sparer is guided this year by two enthusiastic co-editors, Elizabeth Sibley and Jonathan Parsons. The staff organizes the publication and distribution of the school literary magazine which is composed of the students' selected literary and artistic works.

BETA BETA BIOLOGY CLUB

Membership in the Beta Beta Biology Club, sponsored by Mrs. Wardrup, is open to all students having an average of at least seventy-five percent in biology. Among the many activities of the Biology Club are the special speakers, Christmas party, and the Spring Trip. The club also sponsors the annual science fair. The aims of the Biology Club are to encourage the members to think scientifically, and to offer its members the opportunity to acquire knowledge while enjoying themselves.

BEN FRANKLIN CLUB

Directed by Mr. Vail, the Ben Franklin Club gives students of the print shop a chance to practice the skills which they acquire in class. This club prints much of the school literature and stationery. The funds resulting from this profitable enterprise are given in the form of a scholarship to a print shop graduate.

BOYS' LEADERS CLUB

The Boys' Leaders Club is under the supervision of Mr. Donald Snyder. The Club's members are from all grade levels. These boys are chosen because of their athletic ability. They give class demonstrations and instruction. Members of the club who show outstanding ability are awarded special pins and given special recognition.

CHESS CLUB

The Chess Club, under the supervision of Mr. Wise and Mr. O'Donnell, is dedicated to improving the students' skill in chess and to introducing chess to students who wish to learn the game. This year the chess club has participated in matches with other schools.

THE FLASH

The *Flash* Staff publishes weekly a review of school activities in the *Gloucester Daily Times*. By promoting dances, plays, concerts, and other activities associated with school life, the *Flash* inspires and preserves school spirit and student-faculty cooperation. Over the years, the *Flash* has received many awards for excellence in scholastic editing and publishing. With the help of their advisor, Mr. William Gentile, the staff members receive valuable training while serving both the school and community.

FRENCH CLUB

Under the supervision of Mrs. Doris Baer, the French Club holds its meetings once a month. The meetings present a wide variety of interesting programs dealing with France and its culture. As the discussions are conducted partly in French, the members are able to utilize their knowledge of the language. The club, in addition to discussing France and its culture, supplies the prize for the annual French II and III awards. It also pays the registration fee for those students who enter the A. A. T. F. contest. Vive la France et le Cercle Francais!

FUTURE NURSES CLUB

The Future Nurses Club is made up of a group of girls who have decided to enter the nursing profession, or who feel that they would like to obtain more information about a nursing career. Speakers are in attendance at many meetings and give talks on the varied specialized fields of nursing. The girls are given a better understanding of the position a nurse holds in her community and of the satisfaction felt by the women in nursing careers.

GLEE CLUB

The Girls' Glee Club, composed of sophomore, junior, and senior girls, is under the direction of Miss Eleanor Moore. Qualifications for membership include voice quality and a desire to sing with others. During the year, the club stages a Christmas production and also a musical. Besides attending state festivals, the Glee Club gives various concerts about Gloucester.

GERMAN CLUB

The German Club, or Der Deutscheverein, sponsored by Mr. Robert L. Sheaffer, is composed of students who wish to learn more about the culture and customs of the German people. The club, which meets once a month, also aids in fluency in speaking the language. Among the club's activities are listening to records, watching films, and at the end of the year going on a field trip.

JUNIOR VOLUNTEERS

The Junior Volunteers is a group of hard-working girls who donate their help at the Addison Gilbert Hospital. Every weekday after school, four of these girls may be seen running errands or pushing the gift cart to the patients at the hospital. The Junior Volunteers should be congratulated for their fine service.

LEADERS' CLUB

The Girls' Leaders Club, under the leadership of Miss Mary Ellen Flanagan, assists during the gym classes with demonstrations and instruction of the various activities. The club is comprised of members of all four grade levels. Leaders who show outstanding ability receive special pins and are given special recognition.

ORCHESTRA

Passing through the corridors on Monday afternoons, you probably have heard strains of music coming from the auditorium. The source of this music is the G.H.S. orchestra, led by Mr. Robert Puff. The members practice hard each Monday to prepare for the assemblies.

SAILING CLUB

Mr. Charles Bruno is the advisor of one of the newer organizations at G.H.S., the Sailing Club. The basic requirement for becoming a member is having a vivid interest in sailing. Members of the Sailing Club learn much about navigation and all aspects of sailing. Weekend cruises are pleasant reward for the members of this club.

SERVICE CLUB

The Service Club, composed of the student secretaries, cafeteria workers, and office assistants is of much benefit to both the students and the teachers. Under the advisorship of Miss Christopherson, the students in this club give up their time to help with the running of the school. An honor bestowed upon them is a "G", when they have earned ten credits given by successfully completing their assigned tasks.

SPANISH CLUB

Comprende usted el español? If you do, you most likely are aware of what the Spanish Club is. Under the supervision of Miss Mildred Frostholm, the members of the Spanish Club try to learn more about the Spaniard's country and language. This year, the members of the Club are privileged to have Vincente Orquin Berga, the Spanish exchange student, as a member of the Club. He has helped Miss Frostholm familiarize the students with Spain.

THE STUDENT COUNCIL

The Student Council of G. H. S. is comprised of members of all four classes. The purpose of the Student Council is to establish a better student-teacher relationship. Serving as a sounding-board for various questions, ideas, and problems, the Student Council meets with Mr. Robert Karcher twice a month. The Senior Class officers, Michael DiLiberti, Benjamin Smith III, Elaine Zywusko, and Elizabeth Kennedy, and ten seniors represent the senior class. The other classes are represented by their officers and elected representatives. The Student Council is a useful organization in helping the school run smoothly.

STAGE CREW

This group of hard working students is responsible for each production staged in the Freeman Putney auditorium. Under the joint direction of Miss Isabel DeSarno and Mr. Manuel F. Martins, the members supervise all the work behind the scenes at assemblies and Thespian productions; and they also give up their free periods to operate the audio-visual equipment in the classrooms.

THESPIANS

Through the Thespian Club, theatrically-minded students find a means of expression for their talents and an introduction to the intriguing world of the drama. As all good Thespians know, members of the club must be truly dedicated to the dramatic arts, for the theater not only offers glamour and glory, but also demands long hours of labor and rehearsing until the production is perfectly prepared. Although essentially an amateur group, the Thespians are hard-working and well-coordinated, and in the past few years have captivated many Gloucester audiences with their well-staged productions. The club now works under the able guidance of Miss DeSarno, successor to Miss Shirley Surrette.

40-yard dash!

Students learn rules of the road.

Kick it again — harder!

No ticket — no ride!

In Memory of

Deirde M. Ferrini

1947-1963

A year has passed in the life of the earth. Winter has softened into spring; spring has blossomed forth to summer; summer has ripened into autumn; and autumn has again withered into winter. For most of us, the three hundred and sixty-five days of 1963 were full of the usual trials and triumphs of everyday life; but one of us knew only seventeen hours of that year.

At five o'clock in the evening of New Year's Day, 1963, Deirdre Margaret Ferrini died of leukemia; these are the cruel, final facts against which no one can argue. Yet no one can help seeking the reason why such a young person, who loved life so whole-heartedly and who could have accomplished so much on this earth, should have had to leave it. But it is not for us to brood over

Dede's death; such things are the secrets of the universe and to God alone belong the answers.

Although in many ways wise beyond her years, Dede had a fresh and lively spirit, uplifting all whom she met. With her quick yet gentle sense of humor, she gave new vigor to the often dull, care-worn world around her. She had her serious moments as well, for Dede, like most of us, pondered the age-old questions of "Why are we here?" and "Where are we going?" She, too, sought the unknowable answers. Her varying feelings were beautifully reflected in her dark, deep eyes, which could grow soft in thoughtfulness, or sparkle with merriment, or burn with anger when she was aroused by the injustices in this world. Indeed, she had a fine temper; but she never spent her anger on a cause not worth fighting for. In Dede's nature met the happy combination of the sensible and down-to-earth, graced with a touch of the idealistic and poetic.

To know death is to understand and appreciate life more deeply. With Dede's passing each of us has glimpsed an inkling of the eternal truth which governs the universe, and has realized what a wonderful privilege it is to be alive. Many, many years will come for most of us of the Class of 1964, years in which to find ourselves and to follow our paths through life, fulfilling our duties to God and man. But the Class of 1964 has a special duty in the years ahead—to live up to the good that Dede might have done and can now no longer do. Let us remember this as we go our ways into the world, and let us serve well on the journey of life.

Miss McCappin, our first exchange teacher.

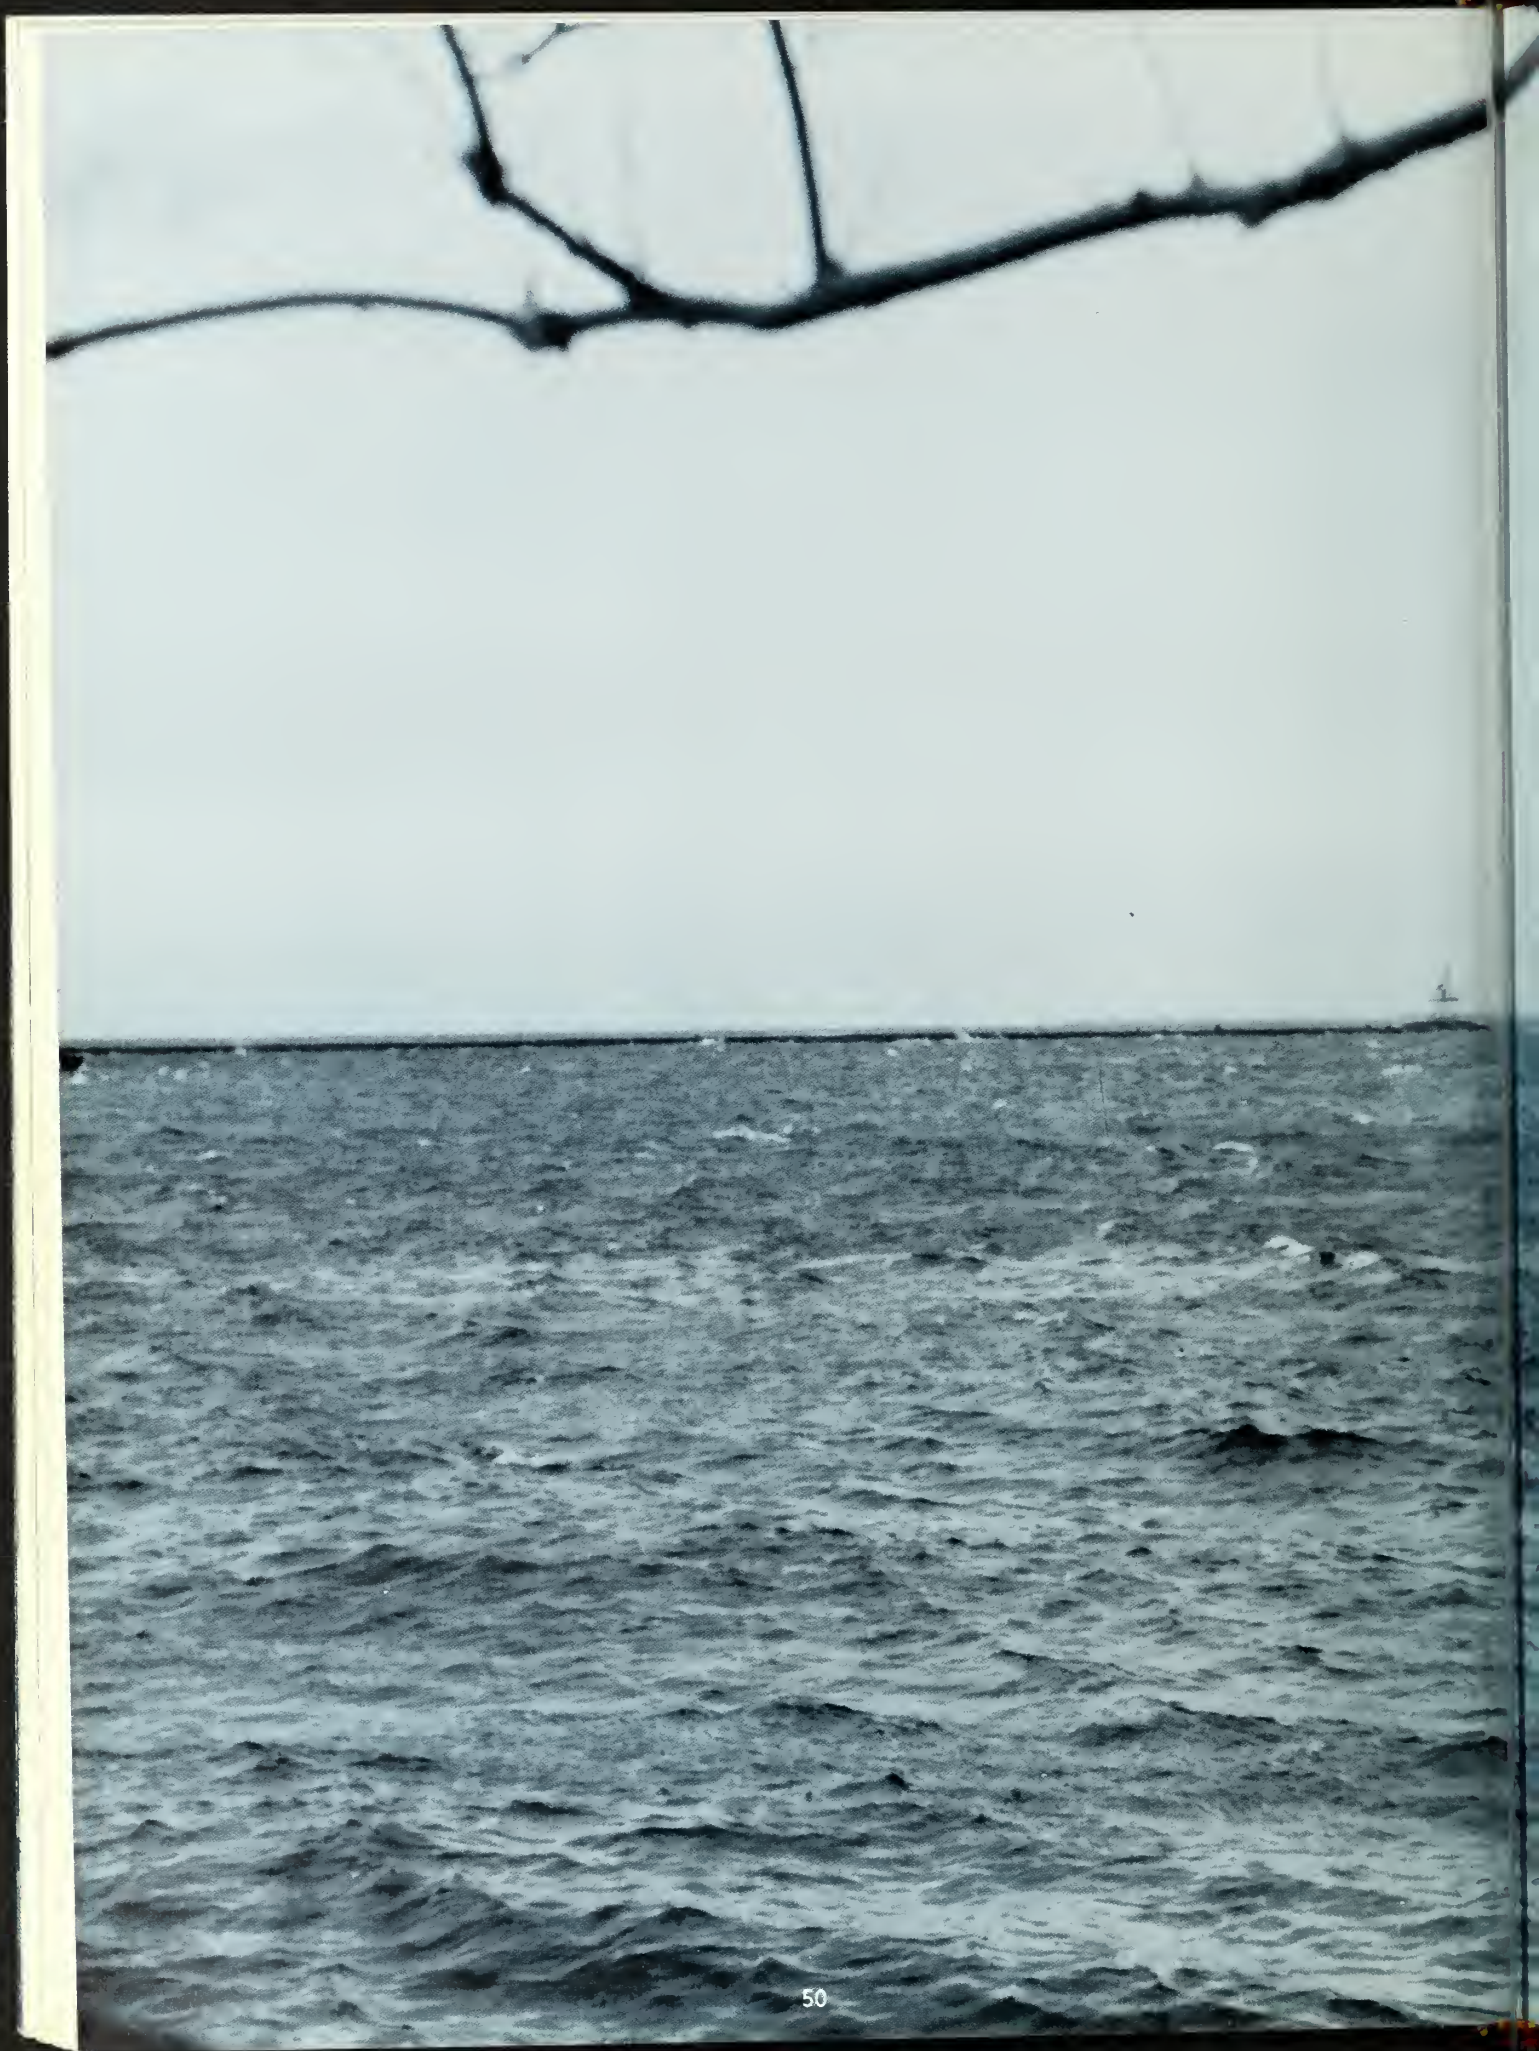

The coaches look worried.

Vince and Monique are thinking about home.

Where's the puck?

In September, summer memories mingle

MICHAEL ALEXANDER DILIBERTI

Mike; Jickle

TO THE GRADUATING CLASS OF 1964

I offer you my sincere appreciation for extending me this opportunity to convey this message to you.

You have completed the first step along the pathway of life to the crossroads where a decision must be made: to continue formal educational pursuit, to enter the ever constant stream of industrial experience, to assume the role of homemaker or to enter the area of service to others.

Regardless of your choice, be firm in your quest for successful completion of this goal, ever keeping in mind that assistance from others will be yours if you are willing to help yourselves.

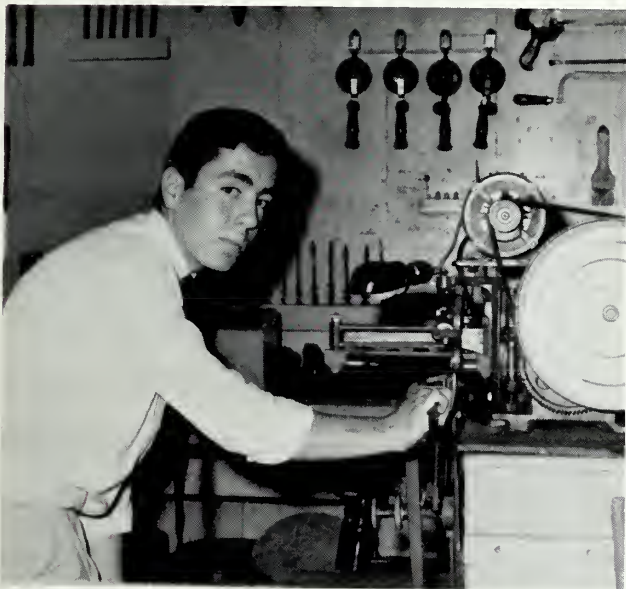

I exhort you to do your best to prepare yourselves for living the good life in our society, and that your contribution to the common weal will be worthwhile.

Sincerely,

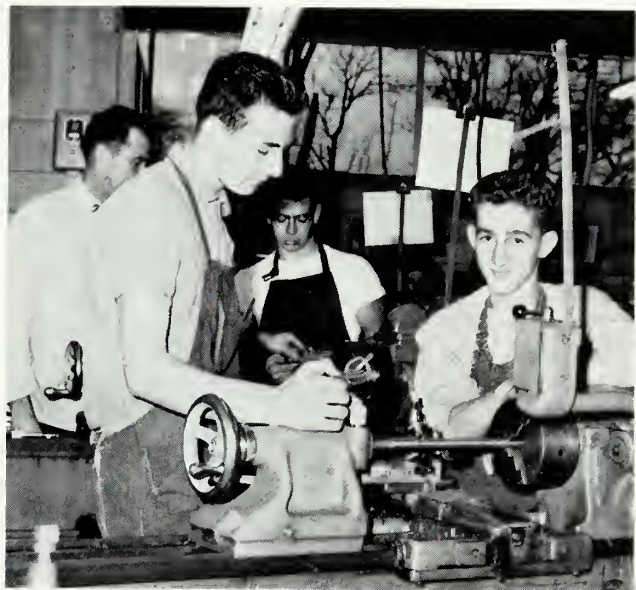

Harold B. Geary
Director

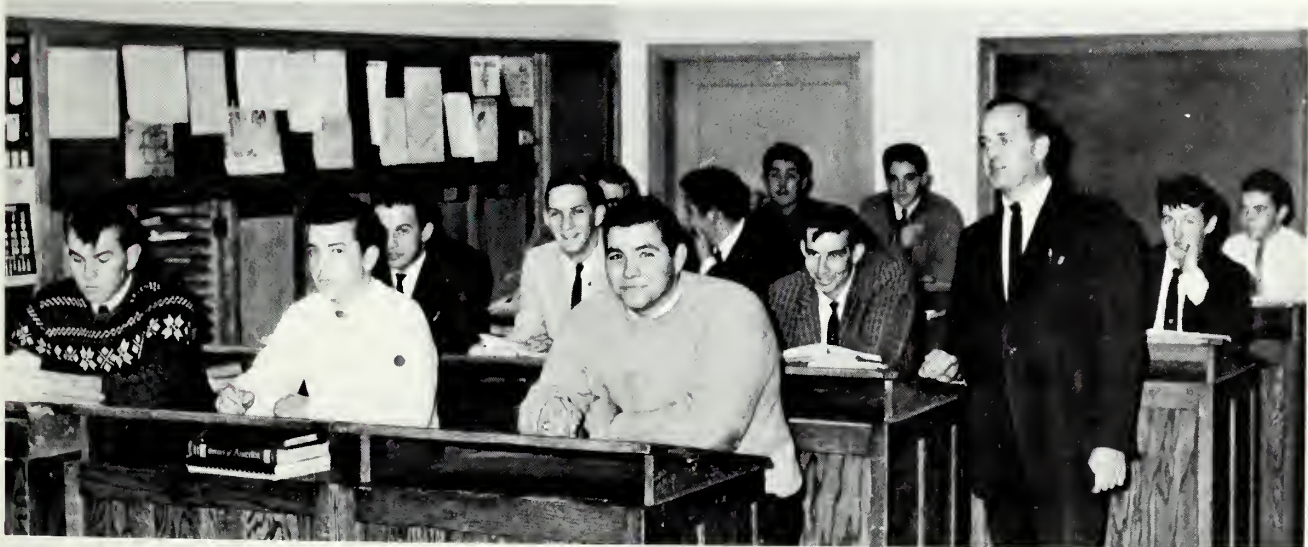

Our well-equipped shops.

Boys enjoy their work.

Mr. Stickney keeps boys up on classroom work.

Mr. John Connolly, Supervisor, Division of Vocational Education, Massachusetts Department of Education, inspects our facilities.

Gary Taber works hard.

Mr. Lewis supervises construction.

The boys turn out fine pieces of furniture.

CARPENTRY SHOP

Under the direction of Mr. Gaspar Lewis, the boys in the carpentry shop are instructed in the proper care and use of tools, machines, and materials. There is included in the course framing, planing, boarding, and finishing. Constructing a small house offers an introduction to the operation of a small contracting business. Mr. Kenneth Stickney teaches planning of the construction and the estimation of expenses in related courses.

Mr. Bruce explains fundamentals of complicated machinery.

FISHING AND VESSEL MANAGEMENT

With Mr. Bruce as instructor, the Fishing and Vessel Management course indicates the stride made by the Gloucester Vocational School. Boys are taught seamanship and marine engineering. In marine electronics emphasis is placed upon maintenance and repair of engines and equipment. Related courses increase the knowledge gained by the boys outside of the classroom.

Boys are engrossed in their work.

Sorting nets.

Interesting up there, boys?

Mr. Budrow shows seniors what makes a car run.

Seniors keeping vocational bus in repair.

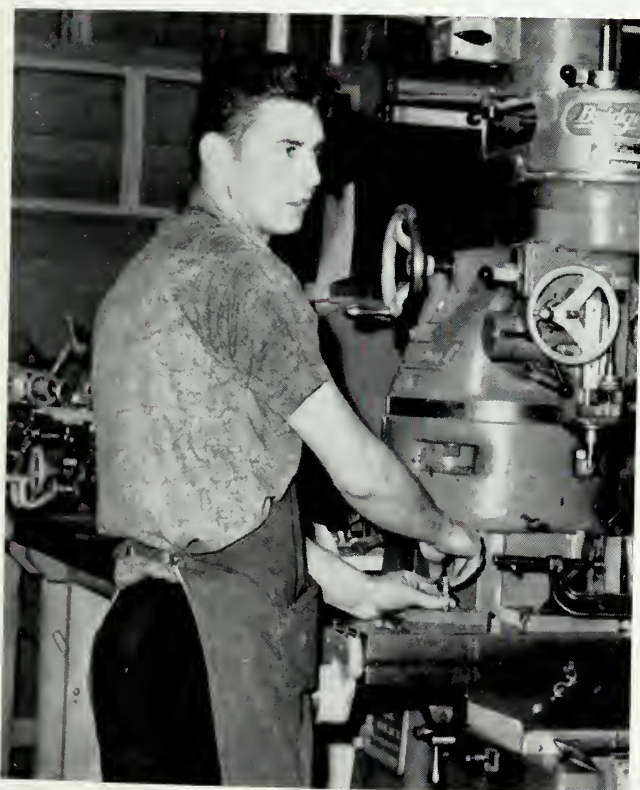

AUTOMOTIVE SHOP

With Mr. John Budrow as instructor, the boys of the automotive shop are taught all aspects of automobile repair and service. They are instructed in automotive theory, which includes tools, equipment, engine repairs, transmissions, clutches, brakes, steering gears, and rear axles. When the students graduate, they are well-equipped to be automobile mechanics.

MACHINE SHOP

Directed by Mr. Albert Hoffman, members of the Machine Shop acquire knowledge and experience by making tools and repairing the machinery of the school. These boys also perform services for business firms and private citizens. In related courses, Mr. George Perry supplements the shop-learned-skills with math, science and drawing.

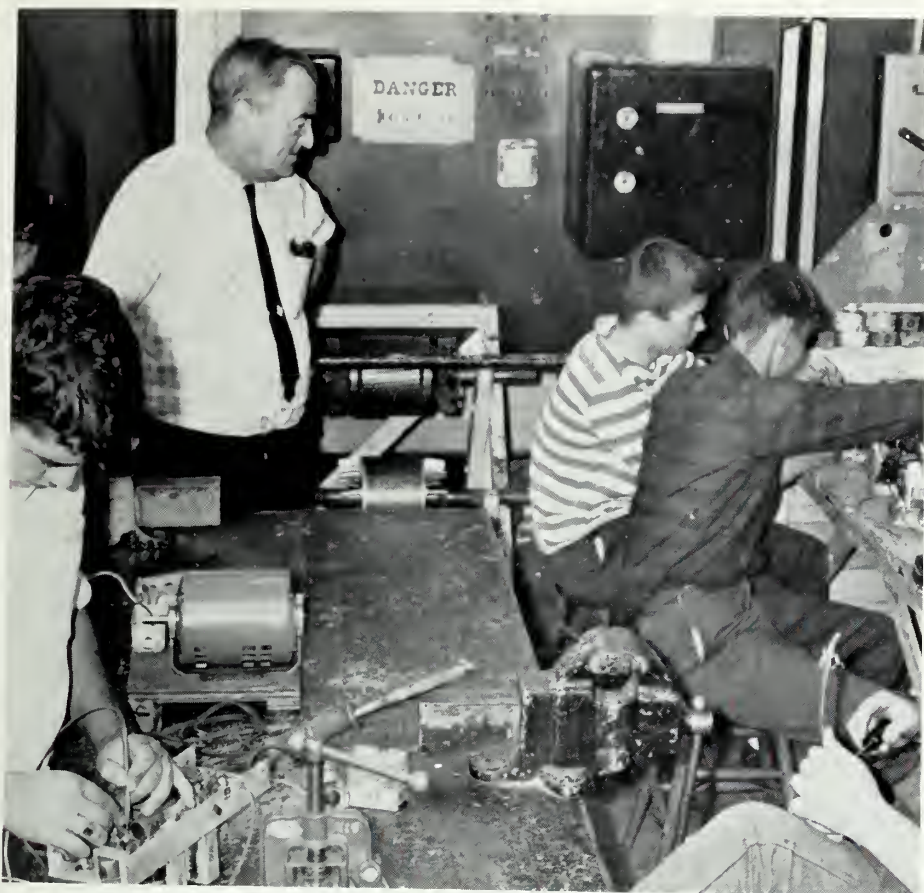

Looks complicated!

Mr. Vail and Sal print football programs.

PRINT SHOP

The Print Shop, under the direction of Mr. Harvel Vail, prepares many boys for a life-time vocation. They are taught all the fundamentals of printing. A great portion of their experience comes from the printing of football programs, tickets, graduation programs, and other materials used by the school.

ELECTRICAL SHOP

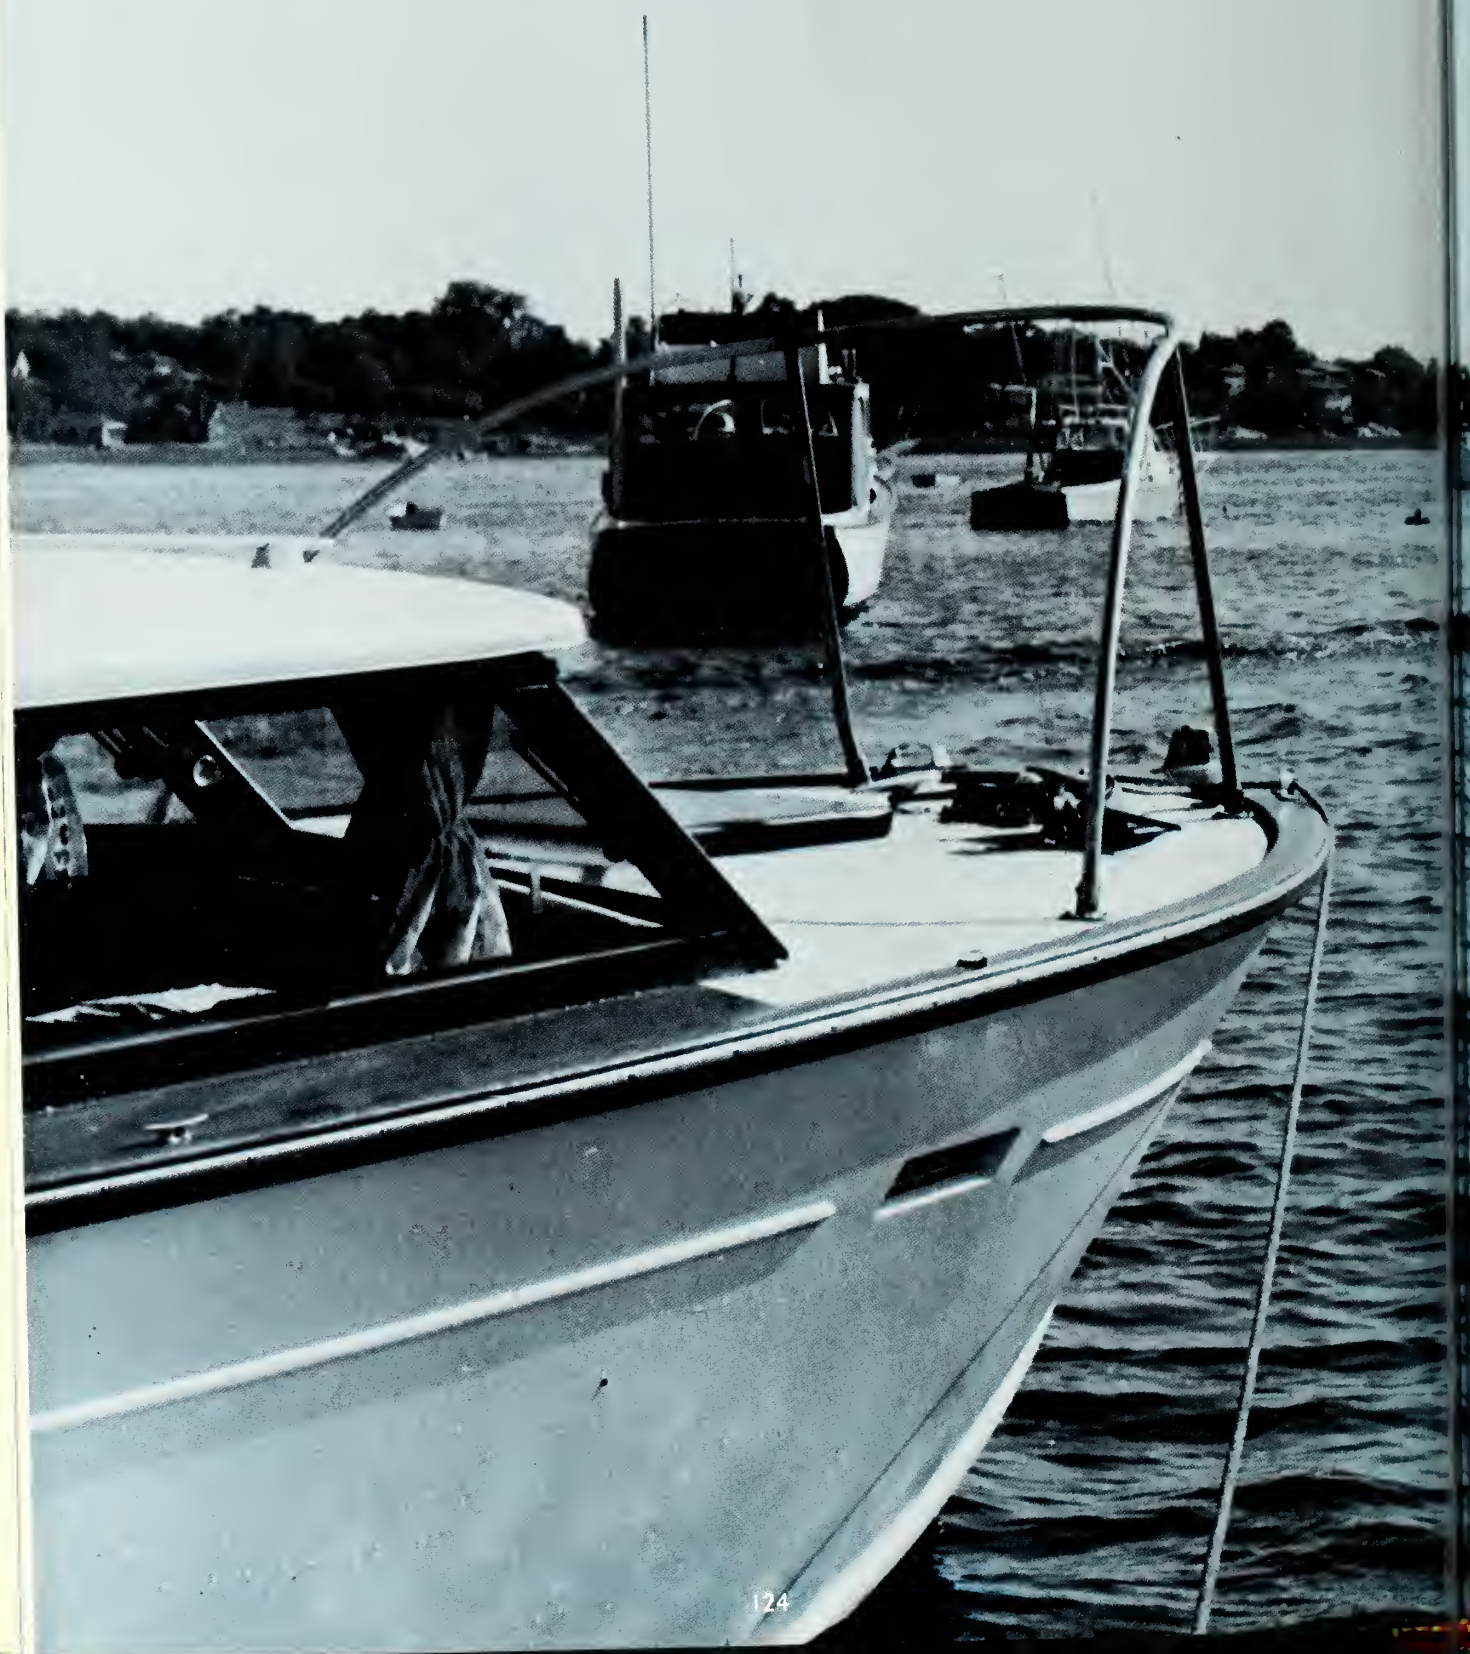

Through the instruction of Mr. Raymond C. White the boys in the Electrical Shop have thoroughly learned about testing and repairing of electrical equipment. In addition to teaching in the shop itself, Mr. White also teaches related subjects in the classroom.

Mr. White supervises his young electricians.

Billy Munroe fixes a toaster.

"To set the cause above renown
To love the game beyond the prize . . ."

THE OPENING OF A NEW SEASON

Coach Ross and the tri-captains.

Gloucester—Danvers

In the season's opener, Danvers upset Gloucester 14-8. Danvers scored once in the first period, took advantage of a fumble in the second period for another score, and then controlled the ball for the final two periods. The Fishermen scored on a three-yard run by Ben Smith. The big play of the game was a 26 yard pass play from Ben Smith to Bob Roland.

The team of 1964 begins the season.

OUR TEAM'S RECORD

Pascucci, stop that man!

Gloucester—Newburyport: Beating Newburyport 16-6 gave Gloucester its first win of the season. The Fishermen received the opening kick and scored. The T. D. came as a result of John Burnett's 14-yard pass to Roderick. Following the kick-off after Noble's safety, the Fishermen gained 48 yards. Riley capped the drive on a 2-yard scoring play, and Noble ended the game's scoring with a safety.

Gloucester—Salem: A fired-up Gloucester team handed Salem their only defeat of the season. The Fishermen marched 53 yards in 5 plays for the tally. Roderick sparked their series with a 26-yard run. Soon Riley bolted over from 9 yards out. Roderick scored on a 3-yard run after a fumble. With 2 quick touchdowns, Salem made the half-time score 14-13. The Fishermen lengthened their lead in the 3rd period and the final score was 26-19.

Marblehead—Gloucester: The Fisherman found their 2nd loss of the year in a 20 to 0 game with Marblehead. The first half proved unsuccessful for both teams. The second half, however, sent Gloucester close to a scoring position, but Marblehead took the ball over dominating the game throughout.

Beverly—Gloucester: Gloucester started the game gloriously, but was soon overcome by the Beverly wall. The Fishermen's only two touchdowns came when Cal Grimes ran 20 yards on a pass from Ben Smith and when Joe Palazzola made 88-yard touchdown run. Even battling the hard-hitting Fishermen, Beverly managed to win with a score of 36-15.

Peabody—Gloucester: Peabody defeated Gloucester 21-6. The Fishermen scored first on a 4-yard pass from Smith to Roland and a 58-yard drive. The fishermen were not long in the lead, as Peabody forged ahead as soon as they gained possession of the ball.

Melrose—Gloucester: The Red Raiders stumped Gloucester 42-6. Scoring twice in the first period and once in the second, Melrose led 22-0 at the half. During the final minutes of the fourth period, after an 86-yard run by Paul Riley, Ben Smith went over the line for Gloucester's only touchdown.

Gloucester—Saugus: Gloucester defeated Saugus 28-26 for their third win of the season. The Sachems scored first, but the Fishermen did not trail long. Paul Riley scored on a 54-yard pass. Saugus scored two more times, but Roderick and Wogan pushed the Fishermen on to victory.

Paul Riley finds an obstacle.

Coaches confer during practice.

Coach Ross encourages player.

Referee prepares to blow whistle.

Boys cheer their teammates on.

A rough and tumble play.

THANKSGIVING DAY GAME

Where's the ball?

Got it !!!

This Thanksgiving game is the last for some.

The Fishermen, failing to capitalize on three scoring opportunities, lost the Turkey Day game to Arlington 22-8. Scoring once in the first period and again in the second, Arlington took a 14-0 lead. After an Arlington punt, the Fishermen marched 60 yards in three plays

for a touchdown. The halftime score was 14-8, Arlington. After the half, Gloucester was a fired-up football team but could not score. Arlington iced the game with a touchdown in the fourth period.

Preparing to pass.

Get him down!!

G.H.S. HOCKEY CHAMPIONS

Ned Ross, John Burnett, and Punky Smith, three of our champions with their trophies.

Before the start of the NSHL season, the G. H. S. hockey squad scored a victory over the Bowdoin freshmen and suffered two losses to Northwood Prep while at Lake Placid. In the league opener, the Canniffmen defeated Salem. Gloucester's first loss of the season was to St. Mary's by a score of 3-2, with only one other loss, which was a 4-3 defeat by Marblehead. With the defeat of Woburn, Gloucester became the "undisputed champion" of the North Shore Hockey League.

In two well-played games, the Canniffmen defeated Swampscott and Marblehead to win the play-offs. This was an honor never reached before by Gloucester. In addition, Ben Smith was awarded the trophy for the outstanding defense man of the year for the NSHL.

A truly great season came to an anticlimactic end Tuesday, March 3, when Dedham knocked Gloucester out of the State Tournament. It was an unexpectedly early end to a great year; but certainly even this defeat does not take away from the wonderful record the team made this season. Congratulations to the NSHL Champions!!

Mr. Brown and Mr. Canniff, two of the best hockey coaches a school could have.

LINE MEN

Jim Walen, Paul Riley, and Quimby Osier form a high scoring line.

Laurie Kaihlanen, Ned Ross, and Bob Somers form another solid line.

Defensemen, John Cluett and Fred Schrafft

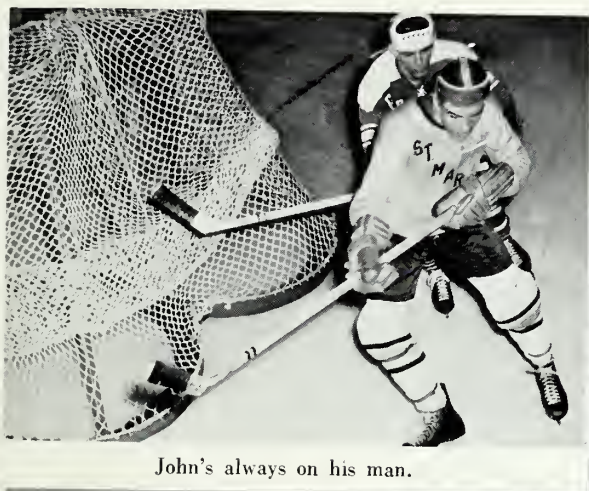

Think he's mad, Paul?

"Heads up" pays off!

Punky, forever breaking away.

John's always on his man.

Quimby, a hard skater to catch.

John Burnett, Star goalie

Up in a flash!

Puck-stealer Riley

Fake that man out, Quimby!

Get that guy, Bob!

Ned, get that shot off quick!

Jim Walen in pursuit.

Beware of Smith!

Bob Somers throws the puck in for his strong line.

A well-covered net wins games.

OUR BASKETBALL TEAM

Get that jump, Bill!

Tom, after that rebound!

Cal moves the ball down the court!

Bob is up for 2 points.

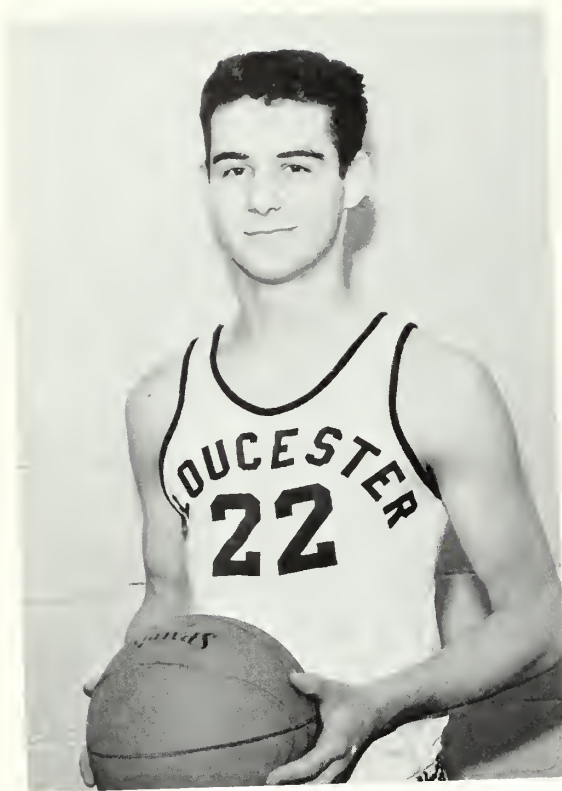

Basketball

The G.H.S. basketball team was not up to par during the '63-'64 season! The freshmen opened up strongly with a victory over Haverhill, but from then on the road went downhill.

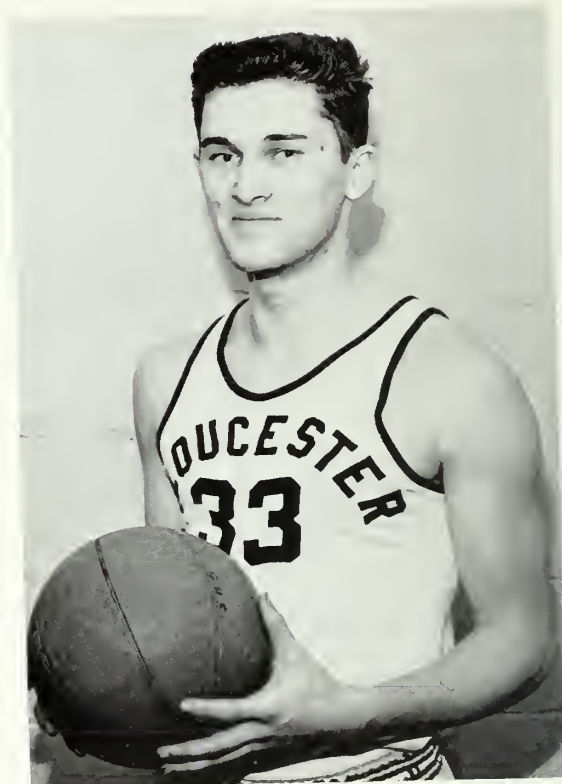

Getting the season off on the right foot, the Fishermen beat Haverhill by a narrow margin of 2 points although the Hillies were favored. Just before the final bell, Jerry Cook connected for the winning points of the game.

Although the boys tried their hardest, bad luck and the superb playing of the other teams caused them to lose the rest of the games. In the last game against Peabody, Captain Jerry Cook scored 37 points, his all-time high. Jerry along with his senior classmates, Dick Clark, and Tom Doucette, displayed some fine ball-handling which caused their opponents many anxious moments. Although things were not stacked in favor of the G.H.S. hoopsters this year, the players displayed fine team effort and sportsmanship.

IN MEMORY OF

JOHN FITZGERALD KENNEDY

OUR COMMANDER-IN-CHIEF

MAJOR ROBERT F. SUTTON

For over two years, Major Robert F. Sutton has been P. M. S. of Gloucester High School's R. O. T. C. Brigade. During these years, he has contributed greatly to the R. O. T. C. program. Major Sutton is presently doing graduate study for a master's degree in English at Boston University. After retirement from the army, he hopes to teach English. The students whom the Major has taught certainly value his instruction.

SERGEANTS

SERGEANT McNAMARA

Sgt. McNamara, a two-year veteran of Gloucester High School, has a part in just about everything that goes on in the military department. Besides teaching military science, Sgt. McNamara is the Assistant Military Property Custodian and Supply and Administration N. C. O. I. C.; in other words — he is second in command to Major Sutton.

SERGEANT KINNER

Sgt. Kinner is well known to the boys of G. H. S., most of whom have probably had him as a teacher at one time or another. Aside from being a good military science instructor, Sgt. Kinner is also the band Sgt. Last year Sgt. Kinner was in Korea to receive further training in military tactics.

SERGEANT CLENNEY

Sgt. Clenney, who arrived here from Germany in August of 1962, has proved himself to be an active and hard-working member of the military staff. This year he is not only in charge of the girls' drill team, but also supervises the girls' rifle team. In addition to supervising these activities he is an able instructor in military science classes. Sgt. Clenney has been in the army for thirteen years.

SERGEANT LLOYD

New to us this year is Sgt. Lloyd, who comes to Gloucester High School after attending Manlius Military Academy. In addition to teaching classes in Military Science I, II, and III, Sgt. Lloyd sponsors both the Varsity and Junior Varsity Rifle Teams. He may be found many afternoons on the rifle range supervising practice.

WE SALUTE YOU!

Congratulations and the best of luck! We at Loring are proud of the part we have had in helping to make your classbook a permanent reminder of your school years, recording with photographs one of the happiest and most exciting times of your life! We hope that, just as you have chosen us as your class photographer, you will continue to think of Loring Studios when you want photographs to help you remember other momentous days to come! When you choose Loring portraits, you are sure of the finest craftsmanship at the most moderate prices!
